

SHRUTHI M G

AI & Data | Operations | Marketing | Business Support

 shruthigangatkar7@gmail.com |  +91 8431674611 |  linkedin.com/in/shruthi-m-g |  Bengaluru, India

PROFESSIONAL SUMMARY

Versatile and detail-oriented final-year **Artificial Intelligence & Machine Learning** engineering student (CGPA: **9.06**) with hands-on experience spanning operations, business support, digital marketing, content creation, student coordination, documentation, data handling, and AI/technology training. Adept at report and presentation preparation, social media management, data analysis (Excel, SQL, Python, Power BI), and AI productivity workflows. Proven track record in cross-functional coordination, research, and lead generation in fast-paced technical and non-technical environments.

CORE COMPETENCIES & TECHNICAL SKILLS

Data Analytics & BI:	Microsoft Excel, SQL, Python (Pandas, NumPy, Matplotlib, Seaborn), Power BI, Data Cleaning, EDA, Data Visualization, Basic Statistics, Dashboard Development
AI & Machine Learning:	Artificial Intelligence Fundamentals, Generative AI, Agentic AI, Prompt Engineering, Scikit-learn (Linear/Logistic Regression, KNN, PCA), TF-IDF, Cosine Similarity, Word2Vec
Operations & Business:	Office Administration, Data Entry & Management, Process Coordination, Documentation & Reporting, Lead Generation (Google Forms), Business Development Support
Marketing & Communication:	Digital Marketing, Social Media Management (LinkedIn, Instagram, FB, YouTube), Content Writing, Email & Professional Communication, Presentation Design (PowerPoint, Canva)
Tools & Platforms:	Google Workspace, GitHub, VS Code, AI Productivity Tools, Website Content Management Systems

PROFESSIONAL EXPERIENCE

AI Technical Associate Training & Business Support Empowers Academy – Fortivex AI Pvt. Ltd.	2026 – Present
Operations & Administration: Support day-to-day academic, administrative, and operational coordination for technology training programs; manage schedules, student inductions, online classes, and doubts resolution. Documentation & Reporting: Prepare weekly work reports, maintain activity records, and author comprehensive course materials, curriculum frameworks, and presentation resources. Digital Marketing & Lead Generation: Execute end-to-end promotional campaigns, create reels, posts, and course launch collateral across LinkedIn, Instagram, Facebook, and YouTube; manage Google Forms for lead capture. AI & Technology Integration: Utilize Generative AI and AI productivity tools for automated content creation, syllabus planning, research, and workflow enhancement while assisting students with AI/Data Analytics tools. Stakeholder Communication: Facilitate clear communication channels between students, mentors, trainers, and internal teams, driving seamless training execution and high retention.	

TECHNICAL PROJECTS

Marketing Funnel & Conversion Performance Analysis Power BI, Data Analytics
Analyzed marketing funnel data to identify conversion trends and gaps; built an interactive Power BI dashboard visualizing lead acquisition, campaign ROI, and customer behavior metrics to guide strategic business decisions.
Customer Behavior Analysis Python, Pandas, Seaborn, SQL
Performed data cleaning, exploratory data analysis (EDA), and trend identification on customer dataset using Python libraries; delivered actionable insights to optimize targeted marketing and customer retention.
AI-Based Smart Allocation Engine Python, TF-IDF, Cosine Similarity, FastAPI
Architected an AI-matching solution for profile-to-opportunity candidate allocation using Natural Language Processing (TF-IDF & Cosine Similarity) and designed a lightweight FastAPI backend architecture.
Diabetes Prediction Model Python, Scikit-learn, Logistic Regression
Built an end-to-end Machine Learning pipeline featuring data preprocessing, feature scaling, and Logistic Regression modeling to predict diabetes risks based on physiological markers.

EDUCATION

B.E. in Artificial Intelligence & Machine Learning Final Year Expected Graduation: 2027	CGPA: 9.06
Pre-University Course (PUC) J.S. PU College	95.33%
SSLC / 10th Standard New Baldwin Public High School	96.46%

CERTIFICATIONS & INFO

Certifications & Training: - AI & ML Fundamentals Generative AI & Agentic AI - Data Analytics, Python for Data Analysis, Power BI, SQL - Digital Marketing & Advanced MS Excel
Languages: English, Kannada, Telugu
Strengths: Cross-functional coordination, problem-solving, analytical mindset, documentation & reporting, quick adaptability.
